## DESCRIPTION

**Pack&G'O** is a full body harness with an integrated transport bag. It offers to the user a better comfort and allows its quick storage. this harness includes 2 fall arrest attachment points: 1 in the front with textile loop and 1 in the back with metallic D ring. **Pack&G'O** is an innovative harness with its anti trauma buckles on legs which reduces the arrest force in case of a fall. It is fitted with automatic buckles on chest and legs straps. Available in 3 sizes it can be easily adjusted by pulling downwards the shoulder straps through the quick buckles.

## USE

Full body harness to use in case of fall hazard. Intended to maintenance works in industry and the construction area.

## NEW !

Transparent user sleeve sewn on back of the bag. Dimensions 90\*50mm
